Github Reviewer Agent_Custom UI

Prompt:

I am going to build the frontend UI for the Github code review. The instruction is given the prompt_roadmap file using phase 1 to phase 6
[STRICT] Complete only one phase at a time. After Phase 1, stop and wait for the approval. Begin Phase 2 only
after you explicitly approve Phase 1. Repeat this approval process through Phase 4. Do not start the next phase without approval. Do not assume or generate unsupported requirements.
[MANDATORY] DO NOT HALLUCINATE AND GO WITH ONLY BASIS ON DOCUMENT
